WHAT TO EXPECT WHEN YOU WORK WITH US

What It's Like to Work With Eastern Construction Group

Building your own home is one of the most meaningful things you'll ever do. Our job is to make the journey feel as good as the destination: clear, personal, and guided every step of the way.

Whether you're dreaming of a fully custom home, an accessory dwelling unit, or you've already fallen in love with a floor plan, we'll help you bring it to life with care and craftsmanship.

"I've had the pleasure of working with Brandon and the Eastern Construction Group and have been truly impressed with his commitment to his clients, his knowledge and passion for the industry, and his detail-oriented approach. He helps clients understand their ROI and communicates every step of the way of the progress of his projects. I'm excited to see all the amazing work that ECG will continue to do!"

A Proven 7-Step Process

From your first conversation to the day you walk through your front door, we're with you at every milestone, so you always feel informed, confident, and excited about what comes next.

1

Initial Conversation:

You share your vision, your lifestyle, and your budget. We listen, ask the right questions, and help you see what's possible.

2

Homesite Review & Vision Alignment:

We visit your land, explore your goals, and make sure everything lines up before you take the next step.

3

Planning & Design:

Whether you choose one of over 25,000 professionally designed plans through our partnership with Architectural Designs or want to build something entirely from scratch, we'll help you arrive at a design that feels completely yours, with pricing developed alongside it so there are no surprises.

4

Building Agreement:

We formalize the plan, lock in your place on our build schedule, and get everything in place for a smooth start.

5

Permits & Preparation:

We handle the paperwork, coordinate with local authorities, and prepare your homesite so construction can begin without delay.

6

Construction:

Our team manages every craftsman, every detail, and every phase of the build, keeping you in the loop with regular updates along the way.

7

Your New Home:

We walk through every room together, make sure every detail is right, and hand you your keys.
